Education Week	Mon 6 th Aug- 10th	
P&C Meeting	Thur 9 th Aug & Thur 20 th Sept	Common Room

Principal's Message

Belmore Boys High School Recognised as a Community Hub

Our school received a community recognition statement from Mr Jihad Dib, Member for Lakemba and Shadow Minister for Education about community initiatives run by the school, and in particular, our Community Breakfast. In his recognition statement, Mr Dib showcased our staff, students and school spirit. He identified our school as a school that unites everyone under the banner of festivity. We are forever grateful to Mr Dib for his investment and support of our school and students.

Belmore Celebrates Diversity through an Iftaar dinner

Our school is committed to being at the centre of a connected and well informed community where all members of our Belmore family are provided with an environment that is welcoming, supportive, safe and happy. Last week, our school joined forces with Human Appeal International - Australia, Fettayleh Meats and El Sayed Sweets to celebrate our school diversity through an Iftaar dinner. With over 400 people in attendance, 100 special guests including representatives from the Department of Education, local businesses and industries, universities and service providers, it was our

biggest Iftaar since its inception at our school. Dr Zachariah Matthews addressed guests with the wisdoms around the spiritual journey of fasting. Jihad Dib, Member for Lakemba represented Sophie Cotsis, our local member for Canterbury who is currently on sick leave. Mr Dib's speech revolved around the importance of understanding cultural and religious backgrounds as well as the growth of our community and society in general. It was energising to see staff, students, parents and community members celebrate the spirit of Belmore, a spirit of love and care towards all.

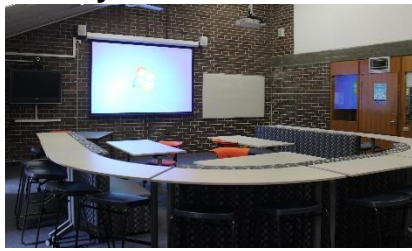

At Belmore, we deeply understand that in diversity lies our strength. We do not tolerate difference, we celebrate it. On behalf of our school community, I would really like to thank Human Appeal International - Australia for their ongoing support toward our school.

Ms Ramadan

Deputy Principals' Message

Library Refurbishment

The focus of last year's PBL project with our Year 7 students had been to redesign and update the Library by providing a vibrant and engaging learning environment. Our School has just received the new and updated furniture which propels our Library into a 21st century learning space.

Ms Ellis

Year 11 Report Mark

The New South Wales Educational Standards Authority (NESA) has changed the assessment scheduling for senior years. To reduce excessive stress and allow more time for teaching and learning, school-based assessment tasks will be capped at three per course in Year 11 and four per course in Year 12 (including the HSC trial examination). Our reporting period falls in the middle of the year 11 course therefore the half yearly report mark may reflect different things in different courses. Some courses may have completed one or two of the official assessment tasks, some courses may have completed one formal assessment task and a number of formative assessment activities. I encourage you to thoroughly read the comment section of each report and contact the class teacher here at school if you want further information about the report mark. We will be inviting parents to school for a parent teacher evening Tuesday week 2 of term 3, 31st July.

Mathematics winners

The Mathematics Faculty have provided all students from Years 7 to 10 with free access to Mathletics. Mathletics is designed to provide students with a captivating learning experience based on curriculum content, structured and interactive support, with engaging gaming and rewards. Students are encouraged to use this tool at school in their classes and the library, however, they should also be encouraged to make use of it at home to further improve their skills in mathematics.

A certificate is awarded to a student once they have earned 1000 points in a single week. Points are awarded across Mathletics and students may receive a Bronze, Silver or Gold certificate. Congratulations to all students who received a bronze certificate last term and a special congratulations to Zain Siddiqui who received a silver certificate.

Student Profiles

Hamza Awad
Year 7
Favourite sport/team Bulldogs
Fave food Butter Chicken
Best Subject English
What is Great about BBHS?

Teachers and students because it is a safe school.
