Year 12 Graduation	Thurs 27 th Sept	School Hall

Principal's Message

Parental Learning and Engagement Program

Our Parental Engagement Program offers comprehensive learning opportunities that allow parents to build their skill set across a variety of areas in order to support their families and improve chances of future employment. This semester, our school is offering several programs in collaboration with TAFE NSW, BCA Training Group and STARTTS.

This term will see the graduation of our first English class for parents. To mark the occasion, an excursion has been organised to Parliament House where parents will get a tour of Parliament House by the one and only, Jihad Dib. The celebration will continue with a graduation

lunch and an awards ceremony.

BCA is currently delivering an Educational Support Program for interested parents. This will provide them with a partial qualification that allows our parent group to support the education of their children and possibly access employment as a SLSO (Student Learning and Support Officer). The FICT program offers families in cultural transition and those who have recently arrived in Australia with opportunities of networking and an awareness of services available to help minimise the challenges of resettlement in a new home. This term will also see the beginning of our Floristry course, which is run by TAFE. Parents interested in textiles will also have the opportunity to participate in a basic credential next term.

Families interested in current programs or wishing to enrol in future ones need to contact our school and speak to our Community Relations Officer, Manal Sabbagh on 9758 2800.

Our school is committed to the learning of our whole community.

Canterbury Bankstown Harmony Group Interfaith Dinner

Our school has been recognised for its diversity and cultural harmony in our local community on several occasions. On Wednesday 8 August, I hosted the Canterbury Bankstown Harmony Group Interfaith Dinner at Punchbowl Community Centre. The gathering included representation from local churches and mosques in addition to local MPs, Campsie and Bankstown LAC, current and former Mayors as well as local community media representatives. The theme for the night was unity, peace and respect, all values shared and celebrated by everyone present on the night. It was a privilege to hear our school described as a community hub that moves beyond tolerance and celebrates the individual irrespective of race, religion or ethnicity. At Belmore Boys High School, we recognise and acknowledge that in difference lies our strength.

Ms Ramadan

Deputy Principals' Message

Subject Selection Evening

Thank you to all the students and parents who attended our subject selection information evening in week 3 of this term. Students in years 8 and 10 have now received their online codes and have started selecting subjects appropriate to their studies in years 9 and 11. Students selecting year 9 subjects can choose two electives from a list of 12 on offer. All students in year 9 will still complete English, Mathematics, Science, PDHPE and HSIE.

Students selecting year 11 subjects will need to indicate which level of English they wish to sit, then pick another five subjects from a list of over 34 on offer. Students are encouraged to think about what subjects they may be required to do for university or career preferences, if they wish to participate in one or more of the many VET courses

available and what subjects interest them. As these selections are a two year commitment for their final schooling years, the best advice for your son would be to choose subjects that he likes and subjects that he is good at. This will ensure he is engaged and challenged at the most appropriate level.

Ms Ellis

Education week at Belmore: A celebration of past, current and future students.

Belmore Boys High School celebrated Education Week with a variety of activities promoting the theme of Today's Schools - Creating Tomorrow's World. We had students from partner primary schools Belmore North Public and Lakemba Public School, visit and engage in learning in our newly updated library. Student Leaders from local high school attended a Model United Nations Summit.

Successful ex-students visited to speak to our seniors about life after school. We sent a number of students to Parliament House to see how laws are discussed and created. We also elected our new batch of student representatives who will serve through to Term 3 2019. Belmore Boys High School looks forward to continuing to work with all of our educational partners in providing the best future focussed opportunities for our students and our community.

Mr Borg

Zone

Jacob Moussa - 1st Opens Long Jump & Triple Jump, 3rd High Jump & 4th 110m Hurdles

UN Forum UNSW

Smoking Ceremony

Uncle Max was again welcomed into our school to help us celebrate NAIDOC week. He is one of Australia's most well-known Aboriginal personalities and Elders. One of the founding members of the Tribal Warrior Association, he regularly performs traditional Australian smoking ceremonies for visiting heads of state and dignitaries.

PBL winners

Congratulations to our PBL winners, modelling our school values of Responsible, Respectful and Safe Learners.

Think, Eat AND Move

The **Think Eat And Move (TEAM)** Program is a FREE online healthy lifestyle program for 13 - 17 year olds, who are above a healthy weight.

Participants can access the TEAM Program on a mobile phone, tablet or PC.

The program includes interactive activities, videos, free resources (including a wearable fitness tracker) and weekly coaching calls with a health professional.

The program is free for young people living, studying and/or working in the Central and Eastern Sydney area.

To register or find out more, visit:
thinkeatandmove.org
or call **1300 899 736**

Program funded by Central and Eastern Sydney PHN.

PBL- Please discuss with your child/ren our focus on Positive Behaviour and Learning. This term we focused on *bullying, mental health and safety when using public transport*. These are serious issues so please discuss this with your son/s, about the impact of their words, actions and safety regarding public transport and how to be responsible, respectful and safe.
